1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

Customer of Dominion Energy

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Dominion Energy is killing solar rooftop energy by adding unexpected fees to residents who have installed solar panels on their roofs. In a time where it is imperative to transition to renewable energy, it is evident that Dominion Energy does not want to loosen their reigns on the monopoly they have over our energy system. Their money hungry and power hungry grip on our energy grid is setting the resident's of South Carolina up for failure by tying their hands and making in virtually impossible to transition to solar power. This will only hurt our state by continuing our dependency on CO2 producing energy that will ultimately lead to more frequent and greater natural disasters.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

No
